

English Soccer Experience FAQs

What are the rules for campers?

During camp, we and NAU, have high expectations of the campers in terms of behavior, discipline, attitude, and responsibility. We will not hesitate to send home any player who does not abide by the rules.

What are the ages and ability levels of the players?

We accept boys and girls of all ability levels ages 5-18 (day campers) and 7-18 (residential campers). We attract players that cover the full spectrum of age and ability levels. We see relatively inexperienced players and advanced Club level players.

How do I register?

You can register in 2 ways. Either print off a registration form from this website and mail it in or register online.

Can I pay a deposit?

Yes, you can both online and by mail. It is a non-refundable deposit of \$150.

What happens after I register?

If you register online you will receive an automatic email confirming your registration. If you register by mail you will receive a confirmation email from one of the camp directors.

What happens to the balance?

The balance must be paid at least 30 days prior to the start of the camp. If you registered online the balance will be charged to your account 30 days out. If you registered by mail, it is your responsibility to pay the balance on time by mail.

Can I make payments?

Yes, you can! We have a very flexible payment plan - you tell us the amounts you can pay and the dates you will pay and we will approve it!

How do you communicate as the camp approaches?

Most of the information you need is on this page. If there is anything else we need to communicate as the camp approaches you will receive an email. Additionally, we will update our Facebook page with any new info so please 'like'

Which of your programs is the best?

We are trying to accommodate the needs of all players. We have day camps, half-week camps, and full-week camps. No particular program is better than the other they are just slightly different. All of the players on camp practice on the same fields, stay in the same dorm, and eat in the same cafeteria.

If we sign up with someone will they room together?

We strongly recommend that you sign up with a roommate particularly if this is your first time at camp. On the online registration please fill out the roommate request part so we know whom to pair you up with. This is particularly important if you are part of a big group. Players will be placed 2 to a room as per University and local fire department rules.

What if we do not sign up with a friend?

If you are registering as a single we will do our best to pair up all players with a roommate of a similar age.

How do you select the training groups?

The groups are put together dependent upon age and gender. If you sign up as a group, that group will stay together throughout the week, assuming the group is of a similar age.

What about meals?

All of the residential campers have 3 meals per day which are included in the cost of the camp. Day campers do not have lunch provided (see Day Campers below). All of the players on camp eat at the same time and in the same location irrespective of the program they sign up for. The meals are buffet-style and prepared by the University. There is always a choice of different foods at all meals. We will talk to the campers about making good food choices throughout the week.

If your child has any dietary needs, please contact us at info@englishsoccer.com.

Do the players need to bring money?

It is entirely up to you. In addition to the free t-shirt, we do sell t-shirts and hoodies. These are the same style as the coaches wear and they are very popular. Last year we did sell out. Three meals per day are included in the camp price but some players do order pizzas after the last practice. There are vending machines in the dorms but we strongly recommend bringing snacks and drinks with you to save money.

Should the campers be fit before they arrive?

We recommend that all of the players do some training in advance of the camps. The soccer camps are physically demanding and all players participate in at least 3 sessions per day.

What about injuries on camp?

When a player gets hurt on camp we will call the parents if we believe medical treatment is required. Depending on the severity of the injury we will either take the player to emergency or the local urgent care. NAU does require a medical release form filled out if we use the on-campus medical facility.

Where do the campers stay?

Overnight campers will stay in one of the Halls of Residence at NAU.

Gabalton Hall (Weeks 1 to 7)

What should we bring to camp?

- Enough soccer equipment and clothing to last 5 or 6 days including a soccer ball. Shinguards are mandatory and correct soccer footwear for outside fields is necessary. The fields are artificial turf fields so cleats or flats are appropriate. TRY NOT TO BRING NEW SHOES.
- A water bottle to take to the fields.
- During the afternoon session it often rains and sometimes gets a little chilly so pack a rain top or sweats. The temps drop during the evening session also.
- Sunscreen, chapstick - the sun is extremely strong at altitude.
- Even though there is very little downtime after the sessions, it is advised that all participants bring some casual wear that they can change into after the day's soccer activities are complete.
- Bed linen, blankets/sleeping bags, pillow, towels, and toiletries. A fan is strongly recommended as the dorms do get hot even though the temps outside are cool.
- Game consoles, video games, small TVs. There are refrigerators in the rooms.
- Candy, snacks, and soda are allowed. They can also be purchased on campus. Water and sports drinks are allowed.
- Cell phones are allowed under the following conditions:

Phones are allowed to be turned on throughout the day. However, we do encourage players to use sparingly as we want players to enjoy the interactions with the other campers!

The camp staff does carry cell phones and if players need to contact parents they can do so during the periods of downtime. If parents

need to communicate info to players during camp please call Andy Ward.
